SUPERINTENDENT LARRY G. BERGESON, M.ED.

August 22, 2017

The following busses were disposed of according to Section 10 of the National Clean Diesel Rebate Program 2016 School Bus Replacement and Retrofit Funding Opportunity Program Guide.

The program requires that the bus being replaced must be scrapped and permanently disabled by 1) drilling a three inch hole completely through the engine block; and 2) cutting the chassis rail in half.

I confirm that the EPA scrappage requirements have been met. Washington County School District performed the bus scrappage on August 16, 2017. The phone number of the organization is (435) 652-4721.
